THOMAS NAMED BY SOCIALISTS

1928 Leader Will Again Carry Standard in Presidential Race

NAMED BY ACCLAMATION

Organization Debates Question of Including Dry Plan in Program

By The Associated Press
MILWAUKEE Wis May 23—Norman Marion Thomas 47-year-old New York socialist leader and ordained Presbyterian minister to day again was the Socialist party's candidate for President.

He was nominated at the National Socialist convention yesterday by acclamation after Louis Waldman of New York presented him as a leader who would not cater to the extremes.

Thomas was the Socialist standard bearer in the 1928 presidential election and received 207,420 votes.

THOMAS FORMER MARION RESIDENT

Norman Thomas is the son of the late Rev. W. E. Thomas, pastor of the First Presbyterian church here for many years.

He was graduated from the Marion High school in the class of 1901. Shortly after graduation he left Marion for the east. He has returned occasionally to visit friends and to make public addresses.

He was a Socialist candidate for governor of New York in 1924 and for mayor of New York city in 1925.

James H. Maurer, gray-haired labor leader from Harrisonburg Pa will be Thomas' running mate.

Debate platform

The task of selecting his leader for the party turned today to build him a platform and it appeared likely a decision would be reached before the end of the day.

Vote Avalanche Brings Travel Contest to End

More Than 10,000,000 Points Turned in Before Deadline: Winners To Be Known Soon; Ballots Swamp Tellers.

The Marion travel contest closed Saturday night in a burst of energy on the part of contestants and their friends that resulted in bringing in approximately 10,000,000 votes.

The majority of the more than 10,000,000 votes was cast Saturday afternoon and night with several million coming in Thursday and Friday.

The sponsors of the free trip to New York City Washington D C Alexandria Va and Mount Vernon said today that the entire 10 weeks of the contest brought more than 28,029,000 votes to the contestants.

Approximately that number of votes was issued by the participants. The final total probably will vary because many votes were lost when contestants with less than 7500 votes were eliminated early in the contest and many persons did not cast their ballots.

Until midnight Saturday contestants came to The Star office to bring in a last few hundred votes that may mean victory when the final count is made.

Early this morning the incoming mails of the merchants and The Star carried votes cast by persons out of the city all bearing Saturday as a postmark. Otherwise the votes mailed in will not be counted.

Several persons turned in 100,000 votes and one of the contestants sent in more than 100,000 votes all in 100 vote denominations.

Tackling these huge stacks of votes the workers still are counting today hoping against hope that the final list of the 14 winners and the standings of all the contestants will be ready for publication early this week.

A committee of non-interested judges will be called this week to recheck the counting of all of the votes and to name the 14 winners. The sponsors, the Marion merchants, The Star and the Erie railroad are taking every precaution to make the final list complete down to the very last 100 votes.

Manila according to Sheriff C. H. Hancher said he left the child on a roadside Saturday night thinking the boy dead as a result of being thrown from Morris' automobile. Morris' car was wrecked and Morris returned a verdict of death from exposure following an automobile accident.

Morris according to the sheriff said his automobile ran off the road while driving back to Geneva and that the boy Howard Jr. who was sleeping in the back seat was thrown out. Morris however did not miss the child until he had driven some distance after the accident.

Then he returned to the spot the sheriff quoted him as saying and found the child but thought him dead and left him on the road.

LONG-BOUGHT OHIO KIDNAP SUSPECT HELD

Alleged "Third Man" in Niles Abduction Last March Captured

STOLE JIMMY DE JUTE, 11 Two Men Already Serving Pen Terms for Part in Crime

By The Associated Press
YOUNGSTOWN O May 23—Tony Laree 37 of Youngstown was in jail here today charged with being the third man in the kidnapping of Jimmie De Jute of Niles last March 2 a crime for which two other men already are serving penitentiary terms.

Laree said by police to have been identified as the man who drove a tan coupe in which the 11-year-old Niles boy was kidnapped was caught in Warren W Va late yesterday by Detective H. H. Hampton of Trumbull county after a chase from Girard O.

Laree was finally caught through the co-operation of his sweetheart in Girard Hampton said.

Hampton was standing on the street in Warren yesterday with a reporter when the latter spied the long sought tan coupe with the sweetheart as one of the occupants. Hampton got a car and gave chase but lost his quarry in Warren. Laree returned to Warren empty handed Hampton later decided to return to Warren and search a house of which he was suspicious.

Arriving at 7:15 this morning Hampton and a Warren deputy sheriff entered the house and found Laree in bed.

Hampton said Laree's sweetheart by taking her vigilance had led him to the town where Laree was hiding apparently not noticing the following car until she had reached Warren.

Sought Since Kidnaping Laree who has a wife in Youngstown has been the object of a wide search since the kidnapping. Hampton once flew to Chicago in search of him and has made hurried trips to nearby cities where the tan coupe was reported.

Laree was to be taken to the Trumbull county jail at Warren today.

Jimmie De Jute son of a Niles contractor was found 76 hours after he had been kidnapped in a former gambling house where he had been hidden behind a wall panel.

Dowell Hargraves and John De Marco both of Youngstown who were guarding the boy were tried and convicted in Warren. Hargraves was sentenced to life imprisonment De Marco to one to 20 years.

Balloonists Forced Down Near Here; Wires Damaged

Six members of the Cleveland Balloon club escaped injury when the balloon in which they were riding was forced to land on the A. J. Loudenslager farm on the King road between Big Island and Morral yesterday afternoon.

The balloon and its occupants attracted the attention of motorists for several miles when it was seen the men were throwing out ballast in an attempt to keep in the air when it was grounded. The balloon had drifted to the King road.

The landing was forced by a gust of wind. The balloon was caught in several of the wires of the C. D. & M. Electric Co. and the Ohio Associated Telephone company's wires and tore down a number of the poles. One of the men sustained a few scratches on his face.

DEFEATED BY 228-169 VOTE

Prohibitionists Win in First House Ballot on Beer Since 1919

PROPOSED TO LEVY TAX

Action Taken as Showdown on Issue, Followed Similar Senate Decision.

By The Associated Press
WASHINGTON May 23—The house of representatives today flatly turned down the proposal to legalize and tax 2.75 per cent beer. The vote was 225 to 169 with party lines split wide.

The issue was on whether to discontinue the ways and means committee of consideration of the H. R. O'Connor measure and put it before the house for a roll call.

Sponsored by Democratic and Republican in wet bloc the bill to levy a 3 cents a pint tax on 2.75 per cent beer was brought up on a petition of 115 members.

It was the first time since 1919 in the house on beer since 1919 and came after 20 minutes debate.

The senate recently rejected proposals for legalizing beer.

The roll call today came after Speaker Garner had overruled a parliamentary objection by Representative Hamilton Democrat of Texas who contended it was out of order since the house already had voted on submission of the prohibition issue.

Wetters Oppose Bill

Grant E. Wetters Jr. Republican of Marion 11th district congressman voted against the bill. The only Ohio Democratic congressman to vote for the bill was Representative Cresser. Republicans favoring the bill were Congressman Bolton Iowa, Hollister and White.

Speaker Garner did not vote. As is customary the speaker's name was not called on the roll and he did not request that it be included.

Political repercussions may be wide from the voting but pay lines long ago were knocked away. Sponsored by a bipartisan anti-prohibition bloc the ballot was forced in a petition signed by 77 Democrats, 47 Republicans and one Farmer Laborite.

It would place a tax of 3 cents a pint on the beverage and was designed by its sponsors, in the face of bitter upbraiding from conservatives to place each member on record as to the liquor question before he left before his constituency in the fall.

A large number of doubtful members had hoped in the past that the vote would be avoided and have contained other members for completing the most inescapably powerful prohibition record of any congress since the Volstead law.

In March a 227 to 187 vote was cast against submitting the prohibition issue and a 214 to 132 standing vote earlier diminished the question. The senate last week overthrew a proposed tax on beer by a 2 to 1 margin but faced an earlier ballot on the question upon initiative of Senator Tydings Democrat of Maryland during consideration of the tax bill.

Republicans Draw Wet Plank

By The Associated Press
WASHINGTON May 23—Republican leaders close to President Hoover are seeking to perfect a prohibition platform plank, the basic principle of which would allow for slow modification of present prohibition laws.

There is no way of telling, however, just to what extent if at all the President is committed on the proposition.

The tentative draft of the plank calls for the retention of many features of present prohibition and was described by one of its proposers today as being "a dry platform in a wetish atmosphere."

The plank as it stands opposes repeal of the Eighteenth amendment.

Rev. Fr. Ruback Celebrates First Mass at St. Mary's

St. Mary's Catholic church was filled to capacity yesterday with parishioners and friends of Father Benedict Leo Ruback who celebrated his first mass. He is the son of Mr. and Mrs. John Ruback of 203 Chestnut street. Canonized on the main and side altars glowing in their setting of spring flowers in a background of their own greenery and the sanctuary was furnished with a velvet choir of male voices.

Father Ruback, who was ordained to the priesthood in the order of Minor Seminary, St. Mary's, N. Y., was assisted in the solemn high mass at 11 a. m. by Rev. Father W. J. Slickerman, pastor of St. Mary's church as a student priest. Rev. Father Anthony Wolf, chaplain of St. Mary's hospital in Cincinnati, a cousin of the dean and Rev. Father John Lafus, O. M. C. a classmate as a student.

The sermon was delivered by Rev. Father Edward H. Summe, assistant pastor at St. Mary's church. Rev. Father John Kelly, pastor of St. Joseph's church at LaRue also assisted in the service. A procession of 70 a dignified Father Ruback and his assistants to the entrance of the sanctuary and assisted in the mass. At the close of the mass

was changed into the most sacred body and most precious blood of Jesus Christ to welcome the sinners and to give them the sacrament of life and again to prepare it for its journey to eternity to the glory of God. It was only the legacy of a merciful God to a fallen race to send that same sinners into the world whose temptations will not overpower and overwhelm with assurance that Christ to us as a perfect work for the social, religious and moral uplift of a corrupt world and all the time to remain untainted and unimpaired. This work these the honors and into the unsurpassed dignity and sublimity of the priesthood.

Thus to work silently as all great forces in the priesthood have done and then to pass silently as the spring time passes to give way for the harvest when He the Divine One is to gather from the patibulum of the Cross.

Father Summe paid tribute to Saint Benedict and Saint Francis for their work in spreading the Gospel of the early church. St. Francis was the founder of the order of which Father Ruback is a member.

In the long history of the saint with the names of Christ the eternal Priest and His faithful followers we pass down the pages years and virtues and come to the time of the sixth century. When the spirit of the ancient hermits of the orient was to break its bounds and seek new life among other peoples God gave to the world a new leader who was to bring closer together the life of the spiritual and the material to give impetus to man's outlook of eternity and teach again the Christian axiom that to labor is to pray. A deluge of barbarian was overflowing Europe and will then came vandalism, destruction and tyranny. The order established by St. Benedict was like a ark open to all who would seek refuge and peace from the disquietude of a barbaric and false life.

And now we come to another name in our history of deed and virtues to the beginning of the great thirteenth century. A young man appeared in the Umbria hills rich noble and brilliant

HOOVER ISSUES SHARP ATTACK

Public Works Financed by Bond Issues Assailed by President.

By The Associated Press. WASHINGTON, May 23.—The potency of a sharply worded White House letter has been thrown by President Hoover full against proposals to expand employment by extensive public works financed with bond issues. Neither the lower house plan of Speaker Cramer nor that of the special committee on public works mentioned by the chief executive.

But, in a letter to Herbert S. Cramer, president of the American Society of Civil Engineers, he asserted bluntly that "the larger and far more effective relief to unemployment can be secured by increased aid to income producing works."

"If it is contemplated that we legislate more authorizations of new and uncompleted projects by congress," the chief executive said, "we shall find ourselves confronted by a top-slicing process which will include draining of money from building of uncompleted projects, duplicate highways and a score of other unprofitable activities."

Speaker Cramer had just proposed a \$1,000,000,000 bond issue for a governmental building program and an Enact the senate Democratic committee recommended a \$500,000,000 bond issue for public construction.

President Hoover's 2,500-word letter was in answer to a petition of a subcommittee to the engineering society suggesting that better times would follow a large issue of government bonds to finance public works.

Among other things, the President said governmental aid should be extended in this manner: Balance the budget; avoid leasing further government securities; continue work of the reconstruction finance corporation; expand the credit through the federal reserve system; insure transmission of those credits into actualities; seasonally strengthen the foundations of agriculture; continue public works that do not place a strain on the taxpayer; continue national community; and individual efforts to relieve distress.

THOMAS SELECTED AS SOCIALIST LEADER

1928 Leader Will Again Carry Standard in Presidential Race.

whether the prohibition question should be a subject for a plank. That prohibition is no longer worthy of the party's attention has been the contention of many of its adherents and the platform committee in its majority recommendations to the convention made no mention of it. Two minority reports, however, urged party expression.

Three platform committees—Hoywood Branch, New York newspaper columnist, Mayor Daniel W. Hoan of Milwaukee and Oscar Ameringer of Oklahoma—in a minority report advocated government ownership of distilleries and breweries with local option for the states.

A second minority report proposed a referendum on prohibition. Thomas was nominated after he had defeated overwhelmingly a spirited effort to commit the Socialist party to a policy of confiscation of the principal industries of the nation as a step in establishment of a Socialist society. A group from California tried to insert the theory of confiscation into the platform.

"I would not care to be a candidate on the ticket of a party devoted to the idea of confiscation," Thomas said in an address to the delegates. He urged them to look out for the capitalist class. Even the Communists are not advocating confiscation.

The suggestion that the state seize industries without compensation was advocated by William Russek of California, who urged that there is nothing shocking about it because the theory of confiscation already is accepted by the American government. Workers who lose their homes and jobs are victims of confiscation by legal sanction, he contended.

WOMAN FLIER FETED BY ENGLISH HOSTS

Amelia on Hurdled Shopping Tour Following Enthusiastic Greeting by Londoners.

Continued from Page One. London Airport, believing she would land there. Among the group at Hanworth was Ambassador Mellon.

"I don't mind the rain," she said, "I got used to it Friday night."

Today the newspapers were filled with the story of her flight, a struggle with storms and falling apparatus from Harbor Grace, N. F., to the pasture near Londonbury where she landed.

She interrupted her trip to the embassy from the flying field last night to broadcast her experiences by radio to the United States. After an hour at the British broadcasting company she refused to do anything else until she talked to her husband, George Palmer Fulman, by telephone and had a bite to eat.

"I was sorry I had to land so far from London," she said, "but it was the only plane I had and I felt I had better take good care of it and come down while the conditions were good."

"I turned north after I struck the Irish coast because the hills were covered with low clouds and I was afraid I might smack into one of them."

Miss Earhart said she would leave for home about June 10. She said she would go from London to Rome, where an international conference of transatlantic fliers is being held.

MAN ENDS LIFE BY SHOOTING

Russell Young, 28, Fires Four Bullets into Body; Dies at Hospital.

Russell Young, 28, of Bellefontaine, formerly of Marion, died in the city hospital at 3:15 a. m. today, five hours after he had wounded himself four times with a revolver fired on the front porch of the C. H. Meeseke residence at 240 South Prospect street.

Young shot himself after an unsuccessful effort to gain admission to the Meeseke residence, where his estranged wife, Mrs. Leona Young, lived. They had not lived together for several months, and divorce proceedings were pending in common pleas court here.

Dr. Kenneth D. Smith, coroner, today pronounced Young's death due to gunshot wounds, self-inflicted.

Young knocked on the door at the Meeseke residence shortly after 10 o'clock last night, according to information given authorities. Mrs. Meeseke peered through the window and recognized him. She refused to admit him. She called for Mr. Meeseke to answer the door. Before Meeseke opened the door, Young had shot himself four times near the heart with a .22 caliber revolver.

Several times yesterday Young went to the Turf Bros. restaurant, where Mrs. Young is employed, and made an effort to talk to her. When she asked him to leave or to shoot himself, he repeatedly threatened to shoot himself.

After visiting the restaurant several times, he hired a taxi to go to his home. He then went to the Meeseke home, and that night while the driver was waiting in front of the house.

He made similar efforts to talk with Mrs. Young at the restaurant a week ago, and at that time threatened to take his life if she refused.

Came Here Sunday Morning. Young for several months had been employed as a cook at the Honey Bee restaurant in Bellefontaine. He came to Marion early today morning, going to the home of his aunt, Mrs. C. D. Shuster, on Bellefontaine avenue. He frequently visited her. He formerly was employed at the Midway Lunch, Turf Bros. and the Hotel Harding.

His mother, Mrs. Homer Outland of Bellefontaine, and father, H. C. Young of Kenton, survive. A surviving brother, Kenneth of Washington, D. C., is secretary to Congressman Grant Mouser Jr. He also leaves a sister, Miss Mary Marguerite of Bellefontaine. Mr. and Mrs. Outland and his sister came to Marion last night in time to talk with him before he died.

Young's boy was taken to Bellefontaine this morning. Funeral services will be held Wednesday afternoon at the Kennedy funeral home there.

STATES IN RED ARE FOR REPUBLICAN PARTY. STATES IN BLUE ARE FOR DEMOCRATIC PARTY. STATES IN WHITE ARE FOR PROGRESSIVE PARTY.

The excitement of other presidential campaigns was lacking in 1928 when Herbert Hoover won over Alfred E. Smith. But the campaign this year promises bitter fights. Democratic gains in Indiana, Illinois, Kansas, Ohio and Michigan. G. O. P. insurges in Nebraska, Wisconsin, Iowa and Minnesota. And close contests in the east are factors entering in.

vote of course is seen as a crucial factor in the 1932 battle lines. So in Massachusetts which went for Smith in 1928. New Jersey, Rhode Island and Connecticut also are rated as close contest states. The liquor, religious and Tammany issues brought defection in the Democratic party in 1928 when its standard bearer was Alfred E. Smith. A wet. But rated above all these as a factor in the Hoover led.

all these with the exception of the two named have been used and the western portion of this city now occupies the ground where most of them stood. Both mound groups are publicly owned. The county commissioners have acquired the tract containing the circle mound having purchased it several years ago from the fair board when the latter organization was badly in debt. The country club tract was purchased by funds raised in the city and county and was turned over to the state for use as a National guard encampment. When the state abandoned the site it reverted to the city and county and is now in the hands of a trustee appointed by the common pleas court.

Archaeologists divide Ohio mounds into three classes: defensive works, effigy mounds and ceremonial mounds. The first Ancient earthworks near Lebanon in Warren county is a sample of the defensive type. The second mound in Adams county is the most important example of the effigy mound and the mound here are the only remaining mounds in the state of the ceremonial kind.

Some student of archaeology here the Great Circle mound near here nearly a mile in circumference was the center of the ceremonial mounds and probably for the entire Miami valley.

I'm in the army, was the reply. What army?
